

Na Na Na

Tiffany Darwish

Na na na

You're in my head
I can't believe I ever let you go
But here you are
You're with me everywhere I go
Like a song
I can't stop singin when the music ends
Na na na
I know exactly how it goes

And it goes
Na na na na na
Your voice is haunting me
Na na na na na
Why won't it let me be
Na na na na na
I hear you in my dreams
Nothing sounds so sweet

I'm in so deep
I can't believe that this is happening
I feel the rush
Whenever you are close to me
In all my life
I never thought I'd hear a song so sweet
And I will never
Ever lose this melody

And it goes
Na na na na na
Your voice is haunting me
Na na na na na
Why won't it let me be
Na na na na na
I hear you in my dreams
Nothing sounds so sweet

Na na na na na
Your voice is haunting me
Na na na na na
Why won't it let me be
Na na na na na
I hear you in my dreams
Nothing sounds so sweet

Now I found you
I won't never ever let you go
We'll be together
Now for all eternity
When I need you
I just close my eyes and there you are
I breathe the words
And hear a simple melody

And it goes
Na na na na na

Your voice is haunting me
Na na na na na
Why won't it let me be
Na na na na na
I hear you in my dreams
Nothing sounds so sweet

Na na na na na
Your voice is haunting me
Na na na na na
Why won't it let me be
Na na na na na
I hear you in my dreams
Nothing sounds so sweet...
