

Never Run My Motor Down

Tiffany Darwish

They say that moss won't grow on a rolling stone
You can't catch a rising star
So I keep on running, doesn't matter what people say
As long as I'm happy

Jump up turn around
Faster than the speed of sound
Follow me all over town
Never run my motor down

They say it's hard to hit on a moving target
That's why I always quit
Before it's even started, live my life the way I see
'Cause my time is for me

Jump up turn around
Faster than the speed of sound
Follow me all over town
Never run my motor down

Maybe one day
All my hopes and dreams will come true
But until they do
