

Sexy Baby

Tiffany Darwish

Ooh sexy baby
Here she comes prancing past me
Everyone stops and stares at her
figure, what she wears.

Wonder what makes her so sure
Confident in life and love
I wanna be her

Always here to look for her every afternoon
Making mental notes, watching her
style checking her out
In my mind I see a picture she is being me
A sexy lady's what I want to be

Things that I do
I practice my walk like you
Flutter my eyes and rehearse sexy lips
I'm gonna make a wish, imagine my first kiss
I'll be the way I see you every day
Sexy baby

Here she comes prancing past me
Everyone stops and stares at her
figure, what she wears.
Wonder what makes her so sure
Confident in life and love
I wanna be her

Always try new clothes the
same as what she has on
Then I change my hair, I want the
same style that she wears
Want the guys to see the
women deep inside of me
A sexy lady's what I want to be

Things that I do
I practice my laugh like you
I gloss my lips and gently sway my hips

I'm gonna make a wish, imagine my first kiss
I'll be the way I see you every day

Everyone stops and stares at her

Wonder what makes her so sure
Confident in life and love

I wanna be her

Sexy baby

Here I go prancing past you

What do you do?

You stop and stare at my

figure and what I wear

Wonder what makes me so sure

Confident in life and love

I am her

Sexy baby!
