

# Sometimes

Tiffany Darwish

Baby baby  
I won't you to misunderstand  
If I stare at my own reflection  
Sometimes I wonder  
If time has really been my friend  
My friend

Baby, baby  
I like to tell you what's on my mind  
How I'm afraid of us growing older  
And never reaching those stars we once saw in our eyes  
Time flies  
I guess we're just too busy living  
To feel alive

Sometimes  
I get a little bit lonely  
Sometimes  
Sometimes I wanna hear what a stranger might say  
Sometimes I wanna hear it all from you

Baby, baby  
I guess we're just two of a kind  
And neither one thinks of the others listening  
And how are you who doesn't know familiar, the one I like  
And I'm fine

Maybe I don't wanna lose everything that we have  
'Cause I believe it's the right connection  
And waking up with you everyday, baby it ain't half bad  
You're the best I've had  
And if sometimes I sound unsure  
Please understand

Sometimes  
I get a little bit lonely  
Sometimes  
Sometimes I wanna hear what a stranger might say  
Sometimes I wanna hear it all from you

Sometimes I get lonely  
And I feel alone  
Sometimes I get lonely

Sometimes I get a little bit lonely  
Sometimes  
Sometimes I wanna hear what a stranger might say  
Sometimes I wanna hear it all from you

Sometimes I get a little bit lonely  
Sometimes  
Sometimes I wanna hear what a stranger might say  
Sometimes I wanna hear it all from you
