

You Can't Break a Broken Heart

Tiffany Darwish

You can't break a broken heart, oh no!
You can say that it's over
That wont tear me apart
I found it's easier to be hard
But you just can't break a broken heart...

You can't break a broken heart, don't you know!
You can say that tonight
Just isn't ours
Or maybe you're scared of it going too far
But you can't break a broken heart...

I'm not all that good
So don't get me wrong
I've just had my share of pain

I still love romance
Dancing slow all night long
But just don't hold back anything you've got to say to me

You can't break a broken heart, oh no!
You can say that it's over
That wont tear me apart
Sometimes it's easier to be hard
Although I miss holding you in my arms

You just can't break
You just can't break
You can't break a broken heart...

I'm not all that good
So don't get me wrong
I've just seen my share of pain

I still love romance
Dancing slow all night long
But just don't hold back anything you've got to say to me

You can't break a broken heart, oh no!
You can say that it's over
That wont tear me apart
Sometimes it's easier to be hard
Although I miss holding you in my arms

You just can't break
You just can't break!
You can't break a broken heart

You can't break a broken heart (no no no)
You can't break a broken heart
You can't break a broken heart (no no no)
You can't break a broken heart (you can't break.)
You!

You can't break a broken heart...
