

Give Me Wings

Tiffany Evans

You've been there where no one was found
I tripped, you caught me before I hit ground
I declare, every time you come around
I feel my feet leaving the ground

I've never known another lover like you, like you
You got me feeling stronger every time when I'm with you
You know it's true
You know what I'm talking about
Heal me from the inside out
You deserve a medal, maybe even better

Cause baby you saved me
You bring me the key, boy, you rescued me
Baby you changed me
From me back to life
So now when you find

I'm right beside you
I'm right beside you, right beside you
Anything that you need I'll provide
Right beside you, right beside you
Your love takes me higher
Give me wings
Give me wings

That so much that I wish I could do too
The same appreciation for you
You know the man that you are
You take me so far
And I don't feel like I deserve it
Every day you make me feel worthy

I've never known another lover like you, like you
You got me feeling stronger every time when I'm with you
You know it's true
You know what I'm talking about
Heal me from the inside out
You deserve a medal, maybe even better

Cause baby you saved me
You bring me the key, boy, you rescued me
Baby you changed me
From me back to life
So now when you find
I'm right beside you
I'm right beside you, right beside you
Anything that you need I'll provide
Right beside you, right beside you
Your love takes me higher
Give me wings
Give me wings

I ain't perfect
You ain't perfect
But together we're invincible

We deserve this love we earned it
Boy you got me so high

Cause baby you saved me
You bring me the key, boy, you rescued me
Baby you changed me
From me back to life
So now when you find
I'm right beside you
I'm right beside you, right beside you
Anything that you need I'll provide
Right beside you, right beside you
Your love takes me higher
Give me wings
You give me wings
You give me wings
