

## On Sight

Tiffany Evans

If you're feelin' good  
If you're feelin' good  
If you're feelin' good  
(1738!)

I can see it in your eyes, boy  
And you know you can't deny, boy  
That I know just what you like  
So say what's on your mind, boy  
You know I got it, I got it, I got it like that  
Make it official, you get it, I got it  
Don't tell no cause they want me like that  
Want me, w-w-want me like that

Boy don't be late cause I've been waitin'  
All day, all day, aw yeah  
Wanna be my baby  
All day, all day  
Let me know what's up, on sight  
Don't hide it no more, on sight  
Let me know what's up, on sight  
Let me know what's up, on sight

Now you know it's on sight  
Stop playin' while I'm chasin' you, baby  
Don't you know I'm tryna bust a move, baby?  
Brought my game, leave it at the zoo, baby  
Zoovier show you what it do, baby  
No games, I'm on sight with you  
Get you a coupe with a missin' roof  
All the things I'ma do to you  
Get you a bag just to hold the tool  
And you just fell in love with a goon, baby  
Christian Louboutin have you walkin' slow, baby  
And you see the way they look at you, baby  
I get one for me, I get one for you, baby  
Bitches gonna hate, that's just what they do, baby  
I ain't go new friends, I ain't got no room, baby

Boy don't be late cause I've been waitin'  
All day, all day, aw yeah  
Wanna be my baby  
All day, all day  
Let me know what's up, on sight  
Don't hide it no more, on sight  
Let me know what's up, on sight  
Let me know what's up, on sight

If you wanna be a winner  
Put your money on me, I do it big, aw yeah  
Like Florida bring the weather  
Give it to you, only if you can handle  
You gotta be quick on it, bae  
If you want me to be bae  
Told you the time's limited  
Cause they be on me all day

Boy don't be late cause I've been waitin'  
All day, all day, aw yeah  
Wanna be my baby  
All day, all day  
Let me know what's up, on sight  
Don't hide it no more, on sight  
Let me know what's up, on sight  
Let me know what's up, on sight  
Boy don't be late cause I've been waitin'  
All day, all day, aw yeah  
Wanna be my baby  
All day, all day  
Let me know what's up, on sight  
Don't hide it no more, on sight  
Let me know what's up, on sight  
Let me know what's up, on sight
