Oh Oh  
Ohhhh woahh  
Oh Oh  
Ohhh woaah  
Oh Oh

I saw you giving me the eye girl, checking out my ride  
Excuse me hold up boy, you talking to me?  
Well just relax girl you don't know the facts  
Oh oh I heard this kinda story before  
Most girls would kill to have a minute with me  
I'll roll the streets and you can party for free  
Well I think you got me wrong, I can do it on my own  
This girls independent, don't care what your spending  
Money don't make the man, but you don't understand

You just don't get it girl (what)  
I'll give you anything you want  
You just don't get it girl (what)  
Take you from the bottom to the top  
You just don't get it girl  
I want you in my world  
Or would you rather be alone

You just don't get it boy (what)  
It doesnt matter what you buy  
You just don't get it boy (what)  
It's who you are not what you ride  
But you just don't get it boy  
But you can just forget it boy  
You can be alone

Cause boy you just don't get it  
Ohh just don't get (just don't get it)  
Nono boy you just don't get it  
Ohh just don't get (just don't get it)  
Oh nono boy you just don't get it  
Ohh just don't get (just don't get it)

What is it? you acting like you can change my life
