

I'm Not Crazy

Giardina Tiffany

C-c-c-c-c-c-c-crazy, c-c-c-c-c-c-crazy

Just cause I have your picture in my locker
Doesn't make you some rocker
Bright blue eyes
Tall, dark, and handsome
Makes my heart b-beat like a bass drum

OoOoOoOo
Yeah this is meant to be
Been waiting patiently
Now baby can't you see?
OoOoOoOo
I'm your future wife
We'll start a brand new life

[CHORUS]

Boy you know just how to make me blush, make me blush
And it can't be just another crush, another crush
I just wanna get next to you, next to you
And if you met me, then you'd love me too, love me too
And if two worlds could collide
I'd never wonder why
You make me act like a wannabe
I wanna be a little closer to you baby
I'm not crazy

C-c-c-c-c-c-c-crazy, c-c-c-c-c-c-crazy

Would you think that I'd forget the time that you winked at me
(There was something in my eye)
Got all teary eyed cause you wanted me
Baby, baby, oh
I read your horoscope
Says today you're gonna meet a Scorpio
(That's me)

OoOoOoOo
Yeah this is meant to be
Been waiting patiently
Now baby can't you see?
OoOoOoOo
I'm your future wife
We'll start a brand new life

[CHORUS]

Boy you know just how to make me blush, make me blush
And it can't be just another crush, another crush
I just wanna get next to you, next to you
And if you met me, then you'd love me too, love me too
And if two worlds could collide
I'd never wonder why
You make me act like a wannabe
I wanna be a little closer to you baby
I'm not crazy

I'm not crazy, I'm not crazy

I'm just crazy...for you
I'm not crazy, I'm not crazy
I'm just crazy...for you

[CHORUS]

Boy you know just how to make me blush, make me blush
And it can't be just another crush, another crush
I just wanna get next to you, next to you
And if you met me, then you'd love me too, love me too

(Crazy)

And if two worlds could collide
I'd never wonder why
You make me act like a wannabe
I wanna be a little closer to you baby
I'm not crazy

I'm not crazy, I'm not crazy
I'm just crazy...for you
I'm not crazy, I'm not crazy
I'm just crazy...for you
