

# Not That Girl

Giardina Tiffany

Oh, oh, oh, oh, oh, oh  
Here we go staring face to face  
Back in the very same place  
And we got no direction  
Stupid words make it complicated  
I just wanna escape it, and get a connection  
When my lips move i got something to say  
And im telling you that I've gone my own way  
Understand that i got my own plan  
And i know who i am, so let this be a lesson

A squares not round  
So don't put me down  
Cause i try outside the lines  
Gonna make up my own mind, oh yeah

I'm not that girl I'm not that girl  
Delete that picture from your head, yeah  
Get it out, throw it out  
In my world im super girl  
And know you aint seen nothing yet  
Im screaming out hear me now  
So turn on the lights open your eyes  
Cuz I'm oh oh so special  
I'm not that girl I'm not that girl  
That you just dont get  
Oh, oh, oh, oh, oh, oh

Oh, oh, oh, oh, oh, oh  
You know I'm done playin all of your games  
So take your ideas and throw them out the window  
You and me we don't see things the same  
Get out of daze  
We gotta let go  
I'll never be that typical girl  
I'll never live in your little world  
Understand that its my perfect plan  
To be who I am  
Its something you should know

A squares not round  
So don't put me down  
Cause i try outside the lines  
Gonna make up my own mind, oh yeah

I'm not that girl I'm not that girl  
Delete that picture from your head, yeah  
Get it out, throw it out  
In my world im super girl  
And know you aint seen nothing yet  
Im screaming out hear me now  
So turn on the lights open your eyes  
Cuz I'm oh oh so special  
I'm not that girl I'm not that girl  
That you just dont get  
Oh, oh, oh, oh, oh, oh

Its such a perfect place to be  
So deep inside your free  
Standing strong I'm so complete, yeah

I'm not that girl I'm not that girl  
Delete that picture from your head, yeah  
Get it out, throw it out  
In my world im super girl  
And know you aint seen nothing yet  
Im screaming out hear me now  
So turn on the lights open your eyes  
Cuz I'm oh oh so special  
I'm not that girl I'm not that girl  
That you just dont get

I'm not that girl I'm not that girl  
Oh, I'm not that girl  
I'm not that girl I'm not that girl  
Oh, oh, oh, oh  
Oh yeah  
I'm not that girl
