

# I Am Your Tambourine

Tift Merritt

My body was sleeping  
Sleep was a lie  
Grab hold of my body  
I will rise, rise, rise

My heart was heavy  
Hungry and tired  
Oh, but you're touch has made it  
Fly, fly, fly

I am your tambourine  
I am your tambourine  
Shake me with your love  
Shake me with your love  
Shake me with your love song

Rattle me darling  
Way down inside  
Fill me with rhythm  
So fine, fine, fine

I am your tambourine  
I am your tambourine  
Shake me with your love  
Shake me with your love  
Shake me with your love, tonight

I can't keep quiet  
Oh, I can't hide  
I want to shout in singing  
And shine, shine, shine

I am your tambourine  
I am your tambourine  
Shake me with your love  
Shake me with your love  
Shake me with your love, tonight

I am your tambourine  
I am your tambourine  
I am your tambourine

Shake it, shake it, shake it, shake it  
Tambourine, shake it, tambourine, shake it
