

Good As Gold

Tiga

Tiala Tiala,
My baby, don't rush me
I know it's coming, but lets not go crazy
You've got your reasons
And reasons I know
You'll never be alone

Tiala Tiala
My baby, don't rush me
I know it's coming, but lets not go crazy
You've got your reasons
And reasons I know
You'll never be alone

On the dance floor, the dance floor
You're locked in my sights
You hide in the crowd
And get lost in the lights
Now these feelings I'm feeling
They cut to the bone
Tiala, Tiala,
You're good as gold

And now I know who's in control
And now I know who's in control

On the dance floor, the dance floor
You're locked in my sights
You hide in the crowd
And get lost in the lights
Now these feelings I'm feeling
They cut to the bone
Tiala, Tiala,
You're good as gold
And now I know who's in control
