

Days Will Pass

Tiger Lou

You brought this upon yourself
Don't try to pin this one on me
Tonight I give up at last
I'm now a memory of your past

I'll settle for the quiet type
Oh this time I'll get it right
Hold your breath
Come and see
We're coming closer finally

Here we are alas
How our days have come to pass x4

Hey brothers
Sisters
Lovers
You are all I need
