

Like My Very Own Blood

Tiger Lou

I promise you better things from now on
I'm gonna love you like my own son
no more then me that you use to meet out here
at night I swear, I swear

I'm gonna love you like my very own son
like my very own blood
I swear
I'm gonna love you like my very own son
like my very own blood
I swear
I will love you right there

sometimes I fear these hands of mine
let us never mention this again

I'm gonna love you like my very own son
like my very own blood
I swear
I'm gonna love you like my very own son
like my very own blood
I swear
I'm gonna love you like my very own son
like my very own blood
I swear
I'm gonna love you like my very own son
like my very own blood

I swear

I'm gonna love you like my very own son
like my very own blood
I swear
I'm gonna love you like my very own son
like my very own blood
I swear
and I'm gonna love you like my very own son
like my very own blood
