

## The Sound Of Crickets

Tiger Lou

I feel the ticks  
I feel the roaches  
There's nothing we can do  
I fall asleep to the sound of crickets

Come feel my skin  
Come touch my hair  
There's leaches everywhere  
Let's stick around for the second coming

Hold on hold on  
This is all they said  
Hold on hold on  
They're coming for your head  
Tonight
