

Are you judged how you want to be judged  
Or does your ego rain down like a flood  
How do you act towards the ones you love  
It's harder to be honest when you're young

And do I know what you want me to know  
From the jeans you wear and the looks you stole  
And your light it comes from a judas hole  
Your charm betrays my eyes, it's dark and cold

I know you're bored  
I've seen it all before  
Yeah I'm familiar

Do those veins still hold that blood  
Can I ever have more than your trust  
Can I be enough  
Can we ever talk about us

I know you're right  
I see it in your eyes  
With my crystal vision  
And I'm underwhelming  
But I've got a feeling

You get exactly what you need  
Your charm's your harm  
What you need is to be free  
I know you know you know  
You know just how I can be  
Afraid of honesty  
You can't see what I can see  
With my crystal vision, but it moves fast
