

I Saw Water

Tigers Jaw

I said I wanted to break my friends
But my dependency won't let me away
I'd like to think that I can work it out some
But I want to be put into the ground

Today I needed a break
My friends are up in mountains and I'm drowning in lakes
I swallowed water right in front of her face
Just to show that she had nothing to say

I felt lighter
I impressed her

But my emotions ran unopposed
I felt just like Brian Jones
I've never felt that lost before
I just don't feel incredible

But me, well of course I liked you
Have time for me, I don't expect you to
I see me become a recluse
It's very easy to seclude

I saw water
I felt better

Well I woke up feeling embarrassed from
When I drowned in my swimming pool
You thought it was an accident
But I just can't get along with you

But me, well of course I liked you
But me, well of course I liked you
But me, well of course I liked you
But me, well of course I liked you
