

Meet At The Corner

Tigers Jaw

Pushing me away for something else
Never found out what you never found out yourself
I'm so excited to spend my life being with my friends

I'm changing my mind,
I'm doing fine
I'm getting better learning how to survive
Wasting time wishing you back to life
Bringing all my things back inside

Spending all my time wishing you were alive

I'm just going to post all of these somewhere.
