Tigers Jaw

Went for my stuff  
Feels like I never left  
Homestead, girlfriend  
Who's broken, upset, feels dead

What happened to me  
Public perception  
Is not convincing  
And I want to die  
Who am I

King's road, I don't know  
Strong style back home

Letting myself go  
Broken friendships  
Away from home  
And I'm fucking around

Burn myself to the ground
