

Ah, Ah, Ah, Ah
I can't take anymore
she'z just a barbed wire b-b-baby
with a broken glass heart
sweet little flower
turnz sour
when the action startz

well she'z a greddy man eater
ooh she'z gonna get her fill
undercover lover
with a license to kill
(she won't think twince)

something ain't right
behind her eyez
I know what
she wantz tonight

this isn't love
this ain't a romance
this ain't love, this is sick sex
this ain't the kinda
love I need tonight
oh baby this ain't right

foul mouthed little lady
with a dirty, dirty mind
take you to the
end of the line
and leave you behind

she'll make you crazy
get you falling apart
tell you that it'z love and laugh
when she breakz your heart
(she aint so nice)

something ain't right
Behind her eyez
all this time
telling me liez
I know what
she'z got in mind
I know what
she wantz to night
