

Don't Watch Me Bleed

'Til Tuesday

I guess you gave as good as you got

I guess this love is dead at last

But I paid such a lot

The price you pay for living under glass

[Chorus]

So don't just kiss me goodbye

That's not what I need

Don't just kiss me goodbye

Don't watch me bleed

You tried to keep me in my place

Said it was love that kept me there

How could you lie right to my face?

And smile at me - and sound so sincere

[Chorus x2]

Don't just kiss me, kiss me, kiss me

That's not what I need

Don't just kiss me goodbye

Don't watch me bleed
