

Heavy Mood

Tilly and the Wall

I've got the power
Cuz I live like I want (HUH!)
Ain't listening to you,
I only listen to my heart (HUH!)
No you can't bring us down (HUH!)
We're way too strong,
We've got muscle, we are tough (HUH!)

The mood is heavy, wearing on my heart
It's all so heavy, pushing on these bones
Heavy, trying to cuff you in
You've got to push on through

We've got to try try try try try to lift up the weight
Try try try try try to lift up the weight
The world is wild at heart
Give it to me now

You can shut your mouth,
Cuz I'm dancing through the night (HUH!)
I'm loving who I want,
I'm loving everything I've got (HUH!)
The pounding of my heart (HUH!)
We're way too strong,
We've got muscle, we are tough (HUH!)

Clap your hands now, y'all

We've got to try try try try try to lift up the weight
Try try try try try to lift up the weight
The world is wild at heart
Give it to me now
