

# Persuasion

Tim Finn

You and I  
Tempted by the promise of a different life  
Time has fled  
There's a constant battle running through my head  
I don't know what to do  
'Cause I still believe

After all the foolish things that we've been through  
I will always be a man who's open to  
Persuasion

Na na na, na na na na, na na-na na

Blind romance  
There'll be no half measures given half a chance  
But we never learn  
Trusting in the fire while the cruel flame burns  
And we need to rebuild  
What was never there  
What got left behind

After all the foolish things that we've been through  
I can always make a start on something new  
And I'll always be a man who's open to  
Persuasion

And it's written in my heart  
So that everybody could see it  
And it's written in my soul  
After all I still believe it, yeah  
I still believe it, come on, come on  
I still believe it, yeah  
I still believe

I don't know what to do  
'Cause I still believe  
And after all the foolish thing you put me through  
I can always make a start on something new  
And I will always be a man who's open to  
Persuasion
