

Diamond Rings and Old Barstools

Tim McGraw

Diamond rings and old barstools
One's for queens and one's for fools
One's the future and one's the past
One's forever and one won't last

It ain't like midnight and cigarette smoke
It ain't like watered down whiskey and coke
I guess some things just don't mix like you hoped
Like me and you
And diamond rings and old barstools

The wrongs and rights, the highs and lows
The "I love you's," the "I told you so's"
Past few miles to wherever's home
Another morning waking up alone

It ain't like midnight and cigarette smoke
It ain't like watered down whiskey and coke
I guess some things just don't mix like you hoped
Like me and you
And diamond rings and old barstools

We ain't like midnight and cigarette smoke
Nothing like watered down whiskey and coke
I guess some things just don't mix like you hoped
Like me and you
And diamond rings and old barstools
