Eyes of a Woman

Tim McGraw

He was rough, he was tough And he drank his whiskey straight He would fight every night if he didn't get his way She was kind She could find all the good in everyone And then one day she passes his way He felt reborn in that morning sun And saw her face, she called his name And from that moment he knew he'd never be the same

What you can find in the eyes of a woman Is a reason to believe Look deep inside the eyes of a woman See the man you want to be I'd been down Kicked around The world had got the best of me Out of rope Little hope I'd ever get back on my feet She took my hand, said yes you can One look at her and I'm a brand-new man

What you can find in the eyes of a woman Is a reason to believe Look deep inside the eyes of a woman See the man you wanna be

When I feel the need for inspiration With just one look I've found my salvation

What you can find in the eyes of a woman Is a reason to believe Look deep inside the eyes of a woman See the man you wanna be See the man you wanna be See the man See the man you wanna be
