

# Wouldn't Want It Any Other Way

Tim McGraw

Without me  
Maybe you'd find somebody else  
A little wiser  
With a lot more wealth  
And without you  
It's true I'd be free  
To go chasing all my dreams  
Without any strings

But I wouldn't want it any other way  
Having you to come home to at the end of every day  
Your tender touch puts a smile back on my face  
Wouldn't want it any other way

Hard times  
May never let up on us  
And maybe all we'll ever have  
Will barely be enough  
And babe you know  
How cold the wind can blow  
Love's never let us down  
When we needed it the most

And I wouldn't want it any other way  
Having you to come home to at the end of every day  
Your tender touch puts a smile back on my face  
Wouldn't want it any other way

Your tender touch puts a smile back on my face  
Wouldn't want it any other way  
Wouldn't want it any other way Any other way

Oh girl  
You know I love you more each day  
Any other way
