

## A House Of Gold

Tim O'Brien

People steal, they cheat and lie  
For wealth and what it can buy  
Don't they know on Judgment Day  
Gold and silver gonna melt away?

I'd rather be in a deep, dark grave  
And know that my poor soul was saved  
Than to live in this world in a house of gold  
Deny my God and doom my soul

What good is gold and silver too  
When your heart is not good and true?  
Sinner, hear, hear me when I say  
Fall down on your knees and pray

Sinner, hear me when I say  
Fall down on your knees and pray

Sinner, hear, hear me when I say  
Fall down on your knees and pray
