

# Hold To A Dream

Tim O'Brien

I'm happy to roam, I can find my way through the mountains  
To the ocean foam  
But if I had a map to show me the way to your heart dear  
I'd follow it home

I'm makin' my way through the dim lit streets of the old town  
Nowhere to go  
Wonderin' if the scenes runnin' in my head will ever slow down  
I miss you so

Hold to a dream, carry it up and down  
Follow a star, search the world around  
Hold to a dream, carry it close to me  
I'm frozen in time, you alone can set me free

The rain outside is beatin' down, I'm here at home  
And all alone  
We used to stay so warm inside, now a night like this  
It chills my bones

Hold to a dream, carry it up and down  
Follow a star, search the world around  
Hold to a dream, carry it close to me  
I'm frozen in time, you alone can set me free

I miss you darlin', it's more and more I'm thinkin'  
Thinkin' of you  
Late at night lyin' in my sleep I'm dreamin'  
Dreamin' of you

Hold to a dream, carry it up and down  
Follow a star, search the world around  
Hold to a dream, carry it close to me  
I'm frozen in time, you alone can set me free
