

# Jonah And The Whale

Tim O'Brien

God sent Jonah down to Ninevah land  
To preach the gospel to the wicked men  
And to repent his wicked ways  
I'm gonna overthrow the city in forty days?

God moved in the wind storm, he rose in the wind storm  
He troubled everybody in mind  
So Jonah went down to the sea shore  
He made up his mind which way to go  
He got himself a ship and he paid his fare  
But God got angry with Jonah down there

God saw the ship and he came in time  
The captain of the ship had a trouble in mind  
And then he went into the deep  
Where he saw old Jonah there fast asleep  
He said "Hey stranger tell me your name?"  
"My name is Jonah and I came from the king"  
And all this trouble's on account of me  
Why don't you throw me over board and let the ship sail free?

So they threw old Jonah overboard  
A whale came up and he swallowed him whole  
He took him on over to Ninevah land  
Where he threw up Jonah on a bar of sand
