

Music Tree

Tim O'Brien

So so lah do, so lah so ree
Angels are singin in heaven for me
So so lah do, so lah so ree
Hear em from the top of the music tree

Climbin up, climbin up
To the highest limb, fall back down again
Climbin up, climbin up
Up and down that music tree

So so lah do, so lah so ree
The moon is singin in harmony
So so lah do, so lah so ray
All God's children need time to play

Climbin up, climbin up
Fill our cup to the brim, drink it down again
Climbin up, climbin up
Up and down that music tree

So so lah do, so lah so ree
(just) close your eyes and then you'll see
So so lah do, so lah so ray
(let) the music show you how to pray

Climbin up, climbin up
Let the music flow, let your troubles go
Climbin up, climbin up
Up and down that music tree
