

Ribbon In Your Hair

Tim O'Brien

Strollin' on the strand one day
Back in the fall of '49
The sun was sinkin' in the west
When somethin' caught my eye
And through the dim and misty light
I saw the ribbon in your hair
As you turned around I found true love then and there

We never even met that day
Fate kept you and I apart
And though I traveled far and wide
Your vision filled my heart
Through the dark and stormy nights
Deep inside I always knew
I'd find the path that would lead me back to you

Now as I behold your bright eyes smilin' back at me
It's as if by fate's decree that we have this love to share
You only have to take my hand
To take me back in time
To the picture in my mind
The way the twilight shined
Upon the ribbon in your hair

Now our home's a holy place
Bathed in love's abiding light
It warms my heart to hear you tell me
How it feels so right
And may all lovers be like us
And never rest until they find
The lasting love that can bring true piece of mind

Now as I behold your bright eyes smilin' back at me
It's as if by fate's decree that we have this love to share
You only have to take my hand
To take me back in time
To the picture in my mind
The way the twilight shined
Upon the ribbon in your hair
