

Meet in tha Middle

Timbaland

We fuss we fight your fault my fault
We was on the same team least that's what I thought
We both participated only I got caught
Now we hardly conversation baby, we don,t talk
It was fun at first, you can,t say I'm wrong
Now you wanna talk about it? too late, I'm gone
Your mad at me cos I don't wanna play your games
I ain't perfect but I'm a do my thing
We gotta meet in the middle

You here I'm there, tell me whats the sense in me trying if you don't care?
This relationship is heading to who knows where
That means one of us got to chose, because
You hurt me, and I hurt you, you complain about the things that I don't do
I don't wanna take the blame neither do you, because we got too much to loose

We gotta meet in the middle
Meet in the middle
We gotta gotta meet in the middle
Gotta compromise
Baby don,t analyze
We need to see eye to eye, so lets meet in the middle
We gotta meet in the middle
We gotta gotta meet in the middle
We gotta compromise
We gotta work it out this time
We need to see eye to eye
So lets meet in the middle

We got somethin' we can,t enjoy
I'm sick of you trynin' to play with me like I,m your toy
Hm,
You tried to run game I saw,
We gotta lotta issues you got yours, we gotta meet in the middle
You cant talk that shit, you cant travel to the future if you walk backwards

Once you walk out the door, you cant walk back in
We gotta find a way to solve it, think about our kids
Cos they in the middle
You wanna sing that song?
You want me to cop that plead and say OK I'm wrong?
Things are gettin' heavy but I gotta stay strong
I try to talk it over with you when I coulda been gone because
You hurt me, and I hurt you, you complain about the things that I don't do
And I don't wanna take the blame neither do you because we got too much to loose

We gotta meet in the middle
Meet in the middle
We gotta gotta meet in the middle
Gotta compromise
Baby don,t analyze
We need to see eye to eye, so lets meet in the middle
We gotta meet in the middle
We gotta gotta meet in the middle
We gotta compromise

We gotta work it out this time
We need to see eye to eye
So lets meet in the middle

I told you once, I told you twice
And now my shoulders cold, like a block of ice
You playin' games like you rollin' dice
Hey what you know about sacrifice?
Baby I've been in the middle
I've been givin' you more than a little
Had the ball then you double dribble
I guess that love is a riddle
You never listen I don't ever get my point across
I washed ya dirty draws, you out with dirty broads
You did me dirty dawg, cos yous a dirty dog,
Its a quit n call, and I ain't mad at all
I gave you more than you deserve, I was worth it all
Bottom line I hope you find what your searchin' for

You hurt me, said I hurt you
And I complain about the things that you don't do
And I don't wanna take the blame neither do you
We got too much to lose

We gotta meet in the middle
Meet in the middle
We gotta gotta meet in the middle
Gotta compromise
Baby don,t analyze
We need to see eye to eye, so lets meet in the middle
We gotta meet in the middle
We gotta gotta meet in the middle
We gotta compromise
We gotta work it out this time
We need to see eye to eye
So lets meet in the middle.
