

Beat the Dead Horse

Timber Timbre

The immigrant child
The refugee tent
The only thing worse
Is a salesman's breath
The right hand God
The Devil's left
And I'm driving Satan's van
For the sake of France

And I'll beat the dead horse
And I'll beat the dead horse
And I'll beat the dead horse

Oh...
Oh...
Oh...

And I'll beat the dead horse back to life
I'll beat the dead horse back to life
And I'm pissing in the wind, painting white on white
And I will beat the dead horse back to life

I'll beat the dead horse back to life
I will beat the dead horse back to life
I'm pissing in the wind, painting white on white
And I will beat the dead horse back to life
I will beat the dead horse back to life
I will beat the dead horse back to life
I'm pissing in the wind, painting white on white
And I will beat the dead horse back to life
