

## Each Good House

Timber Timbre

Its imminent  
its timing  
That each good house should come down

Its imminent  
its timing  
That each good house should come down

Never, never speak  
never, never see  
never, never hear

Never, never speak  
never, never see  
never, never hear

Never, never speak  
never, never see  
never, never hear

Never, never speak  
never, never see  
never, never hear
