

Patron Saint Hunter

Timber Timbre

Hangin' from the trees
Danglin' like fruit
Naked in the steamy night

They know what you did
They know what you did
They know what you did ain't right

Keep the family in
Keep the family sin
Daddy, lock the temple door

Evil isn't in
Evil isn't in
Evil isn't in your core

You're the patron saint hunter
With your prey
Patron saint hunter
with your prey
Patron saint hunter
With your prey

When you learn to talk
Everyone asleep
Everyone's asleep tonight

They know what you did
They know what you did
They know what you did ain't right

Ah, keep the family in
Keep the family sin
Daddy, lock the temple door

Evil isn't in
Evil isn't in
Evil isn't in your core

Ah, the patron saint hunter
With your prey
Patron saint hunter
With your prey
Patron saint hunter
With your prey
