

## Run From Me

Timber Timbre

run from me darlin'  
run my good wife  
run from me darlin'  
you'd better run for your life

run from me baby  
run my good wife  
run from me baby  
you better run for your life

and each time I see you  
I contemplate  
what I love most of all  
your swingin' gaze

run from me darlin'  
run my good wife  
run from me darlin'  
you'd better run for your life

run, run, run, run  
run, run, run, run  
run, run, run, run  
run, run, run, run  
run, run, run, run
