

Say Again

Time Again

Say it again, got everything I got,
Come on now and take another shot,
The rum is coming, the rum is going
And every single day, I keep on growing.

[Chorus:]
Everything I did,
I do again (never stopping).
Everything I said,
I say Again.

Now I just take my next step in life,
Hoping everything will turn out alright,
I think about the things I did again,
Come right now let me tell you my friend
