## Timeflies

Six months, you say you don't think about me  
Six months, now you got a man  
I try to act like I don't care about ya  
Pretend that I don't give a damn

Every night I think about you  
I can't stop  
Wishing that we never fell apart  
How you gonna leave me all alone like this  
Picking up the pieces of my heart

So Amy tell me what you want me to do  
Cus I can't get you out of my mind  
And now you run around with somebody new  
But you know that you're wastin' your time  
Amy you're mine  
Ooooo  
Amy you're mine  
Ooooo  
Amy you're mine  
Ooooo  
Amy you're mine  
Oooooooooo

How come you don't got a moment for me  
How come I can't get a word  
Don't say you ain't feeling nothin' for me  
You smile even though it hurts

Every night I'm thinkin' bout you  
I can't stop  
Wishing that we never fell apart  
How you gonna leave me all alone like this  
Picking up the pieces of my heart

So Amy tell me what you want me to do  
Cus I can't get you out of my mind  
And now you run around with somebody new  
But you know that you're wastin' your time  
Amy you're mine  
Ooooo  
Amy you're mine  
Ooooo  
Amy you're mine  
Ooooo  
Amy you're mine  
Oooooooooo

I don't need a pen to write this  
It'll only slow me down  
I just need the time to tell you  
What it is I'm feelin' now  
See baby I'm in the clouds  
And you're on the ground  
Is that jealousy I'm sensin'  
Bitch look at me now  
All day in your head

Everything that you want  
I'm it baby I said I'd be  
Now it's your dreams that I haunt  
I'mma start it out like Ringo  
Poppin' bottles like Pringles  
Hit records like strip clubs  
Cus it's all day with these singles

So Amy tell me what you want me to do  
Cus I can't get you out of my mind  
And now you run around with somebody new  
But you know that you're wastin' your time  
So Amy tell me what you want me to do  
Cus I can't get you out of my mind  
Now you run around with somebody new  
But you know that you're wastin' your time  
Amy you're mine  
Ooooo  
Amy you're mine  
Ooooo  
Amy you're mine  
Ooooo  
Amy you're mine

Six months, you say you don't think about me
