

# I Believe

## Timeflies

You come alive, you come alive  
You come alive like a soul street soldier  
You try to find, you try to find  
To find a line but you cross it over

Hold this close  
Don't let go  
You try to hide, you try to hide  
Before tonight can we just get closer

You can take this heart and you can dial down that  
You could play these cards or you could deal em right back  
But why do we make this hard  
When it doesn't have to be  
You could climb these steps so you can see where they go  
You could find what's next, and someday maybe you'll know  
And we could have nothing left  
But as long as you're next to me

I believe  
I believe  
I believe

You run away, you run away  
You run away from the paranoia  
But if you stay, but if you stay  
Could you erase all the words I've told ya

You can take this heart and you can dial down that  
You could play these cards or you could deal em right back  
But why do we make this hard?  
When it doesn't have to be  
You could climb these steps so you can see where they go  
You could find what's next and someday maybe you'll know  
And we could have nothing left  
But as long as you're next to me

I believe  
I believe  
I believe

You can take this heart and you can dial down that  
You could play these cards or you could deal em right back  
But why do we make this hard  
When it doesn't have to be  
You could climb these steps so you can see where they go  
You could find what's next, and someday maybe you'll know  
And we could have nothing left  
But as long as you're next to me

I believe  
I believe  
I believe

But as long as you're next to me

I believe

I believe  
I believe

You can take this heart and you can dial down that  
You could play these cards or you could deal em right back  
But why do we make this hard  
When it doesn't have to be
