

# Return of the Werewolf

Timeless Miracle

The wind was still the moon was full that night  
When she heard a sound that sent a shiver down her spine

Something came up from behind she could feel it breath  
Now she new it had returned the prophecy come true

Running screaming little red was scared  
Coming closer faster was those burning yellow eyes

She trapped and felt onto the ground the beast was on her tail  
Just outside her grandmas house her final scream was heard

Look at me you will see what the moon has done to me  
I'm a child of the brightest of nights  
Come to me you'll be free of the trouble life can be  
Into hell I will send your lost soul I will drag you into darkn  
ess

So the story goes of little red  
Who went to see her grandma on the moonlit night

She dreamt of places far away from here she strayed from the tr  
ail  
Walked into wolfen lair now death was on its way

When night had turned to morning she was found  
In the clearing by her grandmas house she had died

Her heart has been torn out of her chest blood was everywhere  
A little girl's been killed again oh god when would it end

The moon I see oh the moon I fell  
How many nights we spent together  
You are my life my most trusted friend  
I am only what you have made me  
The stars all shine in awe of you  
The oceans heed thy call  
And I am just a servant to thy will  
The kingdom of the night is yours  
So guide me on my way  
Show me life to end and I obey

Father take this heart I bring father are you proud?  
I your son the chosen one have heard your call again
