You Belong In Rock & Roll

Tin Machine

Just the twinkling lights of heaven Two reflections on the sparkling water Hand in hand in love with love, uh-huh I love the cheap things that you say-a-say

You belong in rock & roll You belong in rock & roll You belong in rock & roll Well, so do I

I love how she moves me It makes me feel alright, alright Alright, alright

I'm a hurt, I'm a hurt, I'm a hurting
I'm a man with a beat in my pocket
I'm going down to the rhythm of love
I love a bad look that you bring

You belong in rock & roll You belong in rock & roll You belong in rock & roll Well, so do I

Alone on a mean street It makes me feel on fire, on fire On fire, on fire, on fire On fire, on fire, on fire, on fire, on fire

I love the cheap street in your walk, uh-huh

You belong in rock & roll You belong in rock & roll Well, so do I

I love how she moves me It makes me feel alright, alright Alright, alright, alright, oh-oh
