

Doesn't It Feel Good

Tina Arena

Can you hear what they say?
Do you know what they mean?
Someone so crazy
I just want to scream

Somebody tries
To say that you're wrong
Go on and grab them
And tell them to just go to hell
Like a rectric song

So if they've gone and turned you in to a slave
Don't just stand there
Rattle in your cage

Doesn't it feel good?
Doesn't it feel right?
To go where you want to?
And do what you like?
Doesn't it feel good?
Doesn't it feel right?
Doesn't it feel so damn good
To do what you like?

So do what you love
And what satisfies you
Do it for nothing
Go do it for you
So if they want to turn you in to slave
Give them the shackles
And the sound of your rage

Doesn't it feel good?
Doesn't it feel right?
To go where you want to?
And do what you like?
Doesn't it feel good?
Doesn't it feel right?
Doesn't it feel so damn good
To do what you like?

Doesn't it feel good?
Doesn't it feel right?
To go where you want to?
And do what you like?
Doesn't it feel good?
Doesn't it feel right?
Doesn't it feel so damn good
To do what you like?

Do what you like

So, do what you like

Doesn't it feel good?
Oh yeah

Doesn't it feel right?
Oh yes, it feels so right
Doesn't it feel good?
Oh yeah

Doesn't it feel right?
Oh yes, it feels so right
