

I Want to Love You

Tina Arena

We see the same sun in the sky
We see the same stars every night
I wanna be there in the dark when your world falls apart
I wanna break through every wall
Just to show you I am yours and take a chance on you again
You are my everything

For you I dream of what could be
I'd write a thousand symphonies
I'd lose it all to get you back
You are everything

I wanna love you but my heads says no
I wanna kiss you but I don't come close
I wanna tell you that I love you so
Doing it all for your love, but I know that it's never enough

I know it's never enough, never enough

Living in between the lights
Missing you before we say goodbye
It's you I love the most
But are we chasing ghosts?

When I go to sleep at night
I wanna feel you by my side
For you I'd bleed, I'd die
To see you when I open my eyes

For you I dream of what could be
I'd write a thousand symphonies
I'd lose it all to get you back
You are everything

I wanna love you but my heads says no
I wanna kiss you but I don't come close
I wanna tell you that I love you so
Doing it all for your love, but I know that it's never enough

I know it's never enough, never enough

How long must I wait
How long must I wait for you
I'll wait for you
How long must I wait
How long must I wait for you
I'll wait for you... Yeaaaaah...

I wanna love you but my heads says no
I wanna kiss you but I don't come close
I wanna tell you that I love you so
Doing it all for your love, but I know that it's never enough

I know that it's never enough, never enough
