

# Peel Me (Like an Orange)

Tina Arena

Peel me like an orange baby  
Touch me like the sun  
So cold inside, I used to hide  
Hide from everyone

I look behind my eyelids  
When I'm fast asleep  
Why do I always stop myself  
Before it gets too deep?

Peel me like an orange  
Underneath my skin  
There's a darkness, there's a weakness  
I'm never giving in  
I'm never giving in

I love it in your room baby  
The way you paint your walls  
You're my clutch, but without your touch  
I go through withdrawals

Oh screw me like a light bulb  
And really turn me on  
Why do I always stop myself  
Before it gets too strong?  
Peel me like an orange  
Underneath my skin  
In darkness, there's a weakness  
I'm never giving in  
I'm never giving in

La la la la la  
La la la la la  
La la la la la  
La la la la la  
Yeah, yeah

Peel me like an orange baby  
Touch me like the sun  
Life's too short  
And all the children  
Need to have their fun

Peel me like an orange  
Underneath my skin  
In darkness, there's a weakness  
I'll never giving in  
Peel me like an orange  
Underneath my skin  
In darkness, there's a weakness  
I will never giving in

Peel me like an orange  
(Yeah, Yeah)  
Peel me like an orange  
Peel me like an orange  
Peel me like an orange

Peel me like an orange  
Peel me like an orange  
Peel me like an orange  
Peel me like an orange  
Peel me like an orange
