

## Still Running

Tina Arena

Looking back at life I've been given,  
Has got me puzzled how I lost control!  
When your hearts screaming words like "just leave it"  
But I was broken with nowhere to go  
Setting fire to the hurt and the reason  
I played a part in my role, was a fool  
Didn't know I was trapped in believing  
To know this day was just all about you

You took my freedom but I'm still running,  
You tore my heart out but it's still beating  
You stole my beauty but I'm still glowing  
These walls I've built up, you can't climb no more

As I reflect on the things that have happened,  
Here are the scars that I'm left to erase  
If it's your story then run with the millions  
And never give up on this mindless pace  
Setting fire to the hurt and the reason  
I played a part in my role, was a fool  
Didn't know I was trapped in believing  
To know this day was just all about you

You took my freedom but I'm still running,  
You tore my heart out but it's still beating  
You stole my beauty but I'm still glowing  
These walls I've built up, you can't climb no more

you can't climb no more  
you can't climb no more

You took my freedom but I'm still running,  
You tore my heart out but it's still beating  
You stole my beauty but I'm still glowing  
These walls I've built up, you can't climb no more

You took my freedom but I'm still running, (You took my freedom  
)  
You tore my heart out but it's still beating (it's still beating)  
You stole my beauty but I'm still glowing  
These walls I've built up, you can't climb no more
