

# Talk to Me

Tina Arena

Well I heard that you went out and had a good time boy  
And you found a little fun  
And I heard she looked fine, but the timing was wrong  
And she wasn't the one  
Well I was at the wrong time and the wrong place  
And I had to hear it second hand  
Why can't you tell me to my face?

So talk to me  
Tell me how you feel  
Talk to me  
'Cause I thought you were real  
Talk to me  
'Cause I don't need your silence  
Silence

And I heard that everything you do is in one big circle  
And it all comes back to you  
And I've heard you've gotta have faith in the way that you are  
Now I know that it's true  
So I went out and had a good time too  
Turns out I that I got my riches  
'Cause I found someone new

So don't talk to me  
Tell me how you feel  
Don't talk to me  
'Cause I don't want to hear  
Don't talk to me  
'Cause all you'll get is silence  
Silence

And now you're talking  
You can shutup  
Sit down, had enough of you messing around boy  
Get back, don't turn,  
Don't you think you've done too much already?  
There's no defense, for giving me nothing but silence  
Silence

And I heard that you tried to call me last night  
'Cause you had something to say  
But I've learned  
How you work and I don't think it's right  
You don't need nothing from me

So don't talk to me  
Tell me how you feel  
Don't talk to me  
'Cause I don't wanna hear  
Don't talk to me  
Because I prefer your silence  
Your silence  
Your silence
