

Jacob's Ladder

Tina Charles

Jacob, lower the ladder
Jacob, pull me free
I can feel I went wrong
And I believe in destiny
My eyes now are open for all the world to see
Gonna climb that fabled ladder until eternity

Lost my way and don't know where to go
Been inside a place way down below
Seeing pictures in my mind
I ain't never seen before
Gonna crawl my way out here
Searching for the door

Were you ever out on a wild and stormy night
When the wind did blow
And the rain fell out of sight
Trying to find your way back home
While hiding underneath a tree
We'll that's the story of my life
So bring together

Pull me free, pull me free
Jacob, pull the ladder, pull me free
Pull me free, pull me free
I said Jacob, lower the ladder, pull me free
