

Sow The Seed Of Love

Tina Charles

So you found yourself another toy
Some poor mother's only pride and joy
And you took her in your arms
And showed her love, love love
Yes, you took her in your arms and showed her love
Now one day that poor girl's gonna see
That this new love she's found could never be
Cause you use and abuse her
Turn around and loose her
And she'll be just another toy like me

You gonna reap what you sow
Gather all you grow
Roll the dice, pay the price
That's the way loves goes
You gonna reap what you sow
Gather all you grow
Sow the seed of love
And then you watched them grow
