

# Come to Me

Tina Cousins

Come To Me  
Ooh-ooh-ooh...  
I'm lookin' at people lookin' at me  
Analyzing dancefloor strategy  
Smiling at the tax exec, 1-2-3  
Giving him the fountain of the energy  
Cause people in the corner staying out of sight  
People stuck to walls are avoiding the light  
And it doesn't take a jiffy as to walk out right  
Who's going home with who tonight?  
C-c-come to me  
This is my dancefloor legacy  
Come and show me you're a devotee  
And you might get lucky  
Concentrate  
Take my hand and help me elevate  
Everybody to a higher state  
And you might get lucky  
I'm lookin' at people crawl around  
Watchin' every action through a smokey sound  
Hangin' at the bar waitin' to be found  
Takin' foolish chances as the lights go down  
If you wanna get with me don't waste my time  
The middle of the dancefloor is where I claim what's  
mine  
So lose your inhibitions and let's face the light  
Who's going home with you tonight?  
C-c-come to me  
This is my dancefloor legacy  
Come and show me you're a devotee  
And you might get lucky  
Concentrate  
Take my hand and help me elevate  
Everybody to a higher state  
And you might get lucky  
Ooh-ooh-ooh...  
C-c-come to me  
This is my dancefloor legacy  
Come and show me you're a devotee  
And you might get lucky  
Concentrate  
Take my hand and help me elevate  
Everybody to a higher state  
And you might get lucky  
C-c-come to me  
This is my dancefloor legacy  
Come and show me you're a devotee  
And you might get lucky  
Concentrate  
Take my hand and help me elevate  
Everybody to a higher state  
And you might get lucky
