

# Dancing in My Dreams

Tina Turner

I've been running from the truth  
I've been running since my youth  
tired of running  
I will stand here till you see  
I am you and you are me  
tired of running

There really is no difference  
when you look beneath the skin  
someday I know we'll go beyond  
this world we're living in

Now when I lay me down to sleep  
I will be dancing in my dreams  
Seeing the way it all should be  
I will be dancing  
Now when I lay me down to sleep  
I will be dancing in my dreams  
Seeing the way it all should be  
I will be dancing....ummmm  
Dancing in my dreams

There's no hiding in the dark  
from the beating of my heart it's getting louder  
Just as long as we believe  
the truth will set us free it's getting louder  
All that really matters is the light in your face  
In you I see the longing of the whole human race

Now when I lay me down to sleep  
I will be dancing in my dreams  
Seeing the way it all should be  
I will be dancing  
Now when I lay me down to sleep  
I will be dancing in my dreams  
Seeing the way it all should be  
I will be dancing  
Dancing in my dreams

All along the story goes  
or it's the passing of the torch....ummmm  
with one small pass it all begins  
then there are millions more, millions more

Now when I lay me down to sleep  
I will be dancing in my dreams  
Seeing the way it all should be  
I will be dancing  
Now when I lay me down to sleep  
I will be dancing in my dreams  
Seeing the way it all should be  
I will be dancing...ohhhh  
Dancing in my dreams  
Ohhhh...uhhhh dancing in my dreams
